Version	Ver.1.0.0.0
Uploaded date	2025/09/10
Explanation	<p><b>1.Note</b> This software is for printing with the SAP system and includes the following files: - Printer drivers for Direct printing with the SAP system - Device-type files for printing with the SAP system</p> <p><b>2.Supported Products</b> <b>[Support Model]</b> - CW-C6000 series, CW-C6500 series - CW-C8000 series - CW-D6000 series, CW-D6500 series</p>
Note	<p><b>For users in Europe, the Middle East and Africa:</b> To comply with the cybersecurity requirements of the European Radio Equipment Directive, Epson is changing the specifications of products placed on the market on or after August 1, 2025. Some products may adopt the changes earlier. These printers use IPP (Internet Printing Protocol) as the default network communication, so printing from SAP environments is not possible. Please refer to the link below and change the communication settings as necessary.</p> <p><a href="https://support.epson.net/manu/red/">https://support.epson.net/manu/red/</a></p>
